- anello in AISI 316 con supporto esterno in acciaio al carbonio
- CLASSE ASA 300 - 600
- per GPL liquido e gassoso e METANO
- temperatura -200 +500 °C

- AISI 316 ring with external support
- ASA 300 - 600 Class
- Liquid and gas LPG and natural gas
- Temperature : - 200 + 500° C
